

Dublin Step by Step!!

Are you a new student in Dublin? Do you know anything about being a student in Dublin? If your answer is not, keep reading, you are in safe hands.

○ You will need a place to stay.

Finding accommodation can be a little bit difficult here so, if you are looking for a place to live you can look at these sites

- Instagram Hashtags
- Facebook Pages
- WhatsApp Groups
- Daft.ie

Generally, you're going to share a house and in most of the cases, you'll have to share a room. Don't worry! It'll be an unforgettable experience!

Viewing many places is also normal if you want to find a place that you really like and is at a fair price.

○ You'd better get a job!!!

Make sure you get your GNIB and PPS cards as soon as possible so that you can start looking for a job. Don't forget to make your CV meet the Irish standards (No photo, no age, no nationality, no passport number; and always include relevant job experiences and references).

You can use the following websites:

- Jobs.ie
- Irishjobs.ie
- LinkedIn
- Indeed.ie
- Gumtree.ie

You will see job advertisements displayed on the shops and you could hand in your CV directly to them.

○ Get moving!!!

You have many options for transportation in Dublin, such as the Dublin Bus, Luas, Dublin Bikes, and the DART. All of them are easy to use and each one has an App that you can install on your mobile phone. But remember, when you arrive to Dublin you should go to the nearest Student Leap Card Agent to get your student card. You'll only have to pay €10 to get moving.

If I were you, I would get comfy shoes and start walking around!!!

DNA TEST PROVES MC GREGOR IS NOT THE FATHER OF THE CHILD

DNA test has confirmed that Conor Mc Gregor is not the father of the child.

The 31-year-old MMA star has been at the centre of accusations that he was the father of a baby girl who will be two in January.

The girl's 26 year old mother claims that they met when he was in Liverpool for the Aintree Grand National Festival in 2017.

It's claimed the alleged affair took place just four weeks before McGregor's first child was born.

Mr McGregor has denied the claims and has taken a DNA test.

Sources close to McGregor say that the results show that there are no biological markers present that would prove he is the father

BREAKING NEWS!

COCAINE TREATMENT UP 50% OVER LAST YEAR

Based on a Health Research Board (HRB) study, cocaine addiction has increased as 50% this year.

Many young people in Dublin can easily have access to cocaine. The use of drugs has negatively impacted the Irish society during the last years. It's well known that our future is in our kids' hands.

If you notice that a friend or a family member is using or selling drugs, please report them and support them by talking about this.
